

KIOSK FOR CALCMENU

Your recipes anytime, anywhere

The Kiosk for CALCMENU allows chefs and food service professionals share recipes from the CALCMENU program thru any mobile device such as tablets and smartphones, making recipe reference and sharing much easier, faster, convenient, and a lot more fun for its users.

Kiosk for CALCMENU is included on version 16 and up. Click [here](#) to upgrade to the latest CALCMENU version.

For CALCMENU users with an active Support Renewal and Update Plan, the Kiosk for CALCMENU is included* with all of its features.

FEATURES

Exciting new features to look forward to in this edition:

-  Fast and advanced search
-  Recipe of the day - shows recipes planned for the day
-  Open multiple recipes at the same time
-  Resize recipe
-  Print recipe details
-  Compatibility with multiple devices (iPad, iPhone, Android, and Windows phone, etc.)
-  Available in English, French, German, and Italian

HOW IT WORKS

By activating the Kiosk, your recipes will be automatically synchronized with the EGS secured cloud server. EGS has implemented stringent measures to ensure that your data is safe from security threats.

With **Kiosk for CALCMENU**, you can access your recipes from virtually anywhere on any device. Managing, retrieving, sharing, and viewing recipes can be done instantly with a few taps or clicks on your screen.

WHAT'S IN STORE FOR FUTURE EDITIONS?

- Nutrient values, GDA, and allergens
- Recipe costing
